Being fully aware that participation in an NRA sanctioned rodeo will result in exposure to substantial and serious hazards and risks of property damage, personal injury and/or death, each NRA member or permit holder, in consideration of being permitted to participate in the NRA sanctioned rodeo in any capacity, does by such participation agree to assume such hazards and risks, and does thereby discharge, waive, and release NRA, all NRA sponsors, all NRA members, (including, without limitation, contestants, stock contractors, rodeo producers and contract personnel), any NRA rodeo committee,

and any other NRA sanctioned rodeo production entity involved in the sanctioning, production, organization, conduct, sponsoring and/or performance of the subject rodeo (and such persons or entities affiliated, related or subsidiary companies and their respective officers, directors, employees and agents) from all claims, demands and liabilities for any and all property damage, personal injury and/or death or other responsibility arising from such member's or permit holder's participation in an NRA sanctioned rodeo, including claims, demands, liabilities, and other responsibility that are known or unknown, foreseen or unforeseen, future or contingent, and whether or not such claims, demands, liabilities, and other responsibility is occasioned by the negligence of the parties so released by such member or permit holder, by the hazards and risks so assumed by such member or permit holder, or otherwise. Such NRA member or permit holder shall not now or at any time in the future, directly or indirectly, commence or prosecute any action, suit or other proceeding against the parties so released arising out of, or related to, the claims, demands, liabilities and other responsibility so discharged, waived and released by such member or permit holder. A.4.1.3 If you do not receive your 1st or 2nd preference you may draw out during callbacks.

A.4.1.4 Contestants cannot choose the same performance for their 1st and 2nd preferences when entering rodeos.

A.4.1.5 Contestants may use draw out as a second preference when entering rodeos.

A.4.2 Preference of performance when drawing positions will go first to the contestants entering the greatest number of NRA rodeos for the given entry period. Preference will be based on rodeos entered by entire buddy group. Members will receive preference over local entries.

A.4.3 Slack may be used as a first preference when entering an NRA/NWRA rodeo. All slacks are as necessary.

A.4.4 When entering, the buddy system will be limited to four contestants, six positions total.

A.4.5 Dates and times of the draw can be listed on the website. The time and place of the stock draw will be made available upon request of the contestant at the time of callbacks.

A.4.6 Positions are drawn by Central Entry Office. There will be no placing of contestants. All rodeos will be trade-out rodeos unless otherwise advertised.

Any such change will subject person(s) to a fine of \$500 for first offense and six months suspension for a second offense.

A.4.8 Slack is to be run in the same order of events as the rodeo, with the exception of NWRA ladies barrel racing events which will be run first. (refer to the NWRA Rulebook)

A.4.9 There will be no consecutive runs on timed event stock unless an event is all that remains of slack. Infractions shall be reported to the NRA office by the event directors or representatives and a \$100 fine will be levied against the stock contractor and each judge in violation.

A.4.10 Rodeos must have a minimum of 8 contestants in all timed events per performance.

A.4.11 Entering/buddying with a member(s) in a performance driven event to better either member(s) in the draw will be considered an attempt to place member(s) at a rodeo. Placing any member(s) at a rodeo will be considered an attempt to cheat. Any such offense will be subject to a \$500.00 fine each and contestants will be drawn out of that rodeo for first offense and six months suspension for a second offense. This will be enforced by Central Entry and event directors.

A.4.12 In the case where contestants enter a selected 'preference or draw out' and are drawn out, they may re-enter for either their selected preference if it is not filled or any unfilled positions. Priority will be given on a random draw. Re-entries date and time will be published on the website. Draw outs may also be used to replace TO and release up to notified turn out deadline.

A.4.13 Riding events re-entries will be accepted at rodeos where there were not enough entries after the original entry period to fill each performance. A time period will be designated and published on the NRA website in the ground rules of each rodeo listing. Contestants that enter during the re-entry period will be placed in the remaining available positions. All re-entries will pay a \$50 fee in addition to the contestant entry fee.

A.4.14 The order of performance events may not change once a go-round has started without the consent of the event representative, all judges and Rodeo Committee. If the events are changed and a contestant gets turned out because of the change, contestant should be assigned his original stock, if possible.

Each completed rodeo is to be uploaded to the NRA Office no later than 10:00 am the Monday morning following completion of the final performance of a rodeo. Failure to abide by this Bylaw shall result in a \$100 fine.

A.5.3 ALL CONTESTANTS ARE REQUIRED TO READ THE RULES CAREFULLY, PARTICULARLY THOSE RELATING TO THE CONTESTS OR EVENTS IN WHICH THEY ENTER. Failure to understand rules will not be accepted as an excuse.

A.5.4 A rodeo will not be responsible for the returning of a contestants entry fee if he has contested in an event once during a rodeo. If he is entered in other events in which he is unable to contest, the entry fees for those events must be returned.

A.5.5 A contestant turning out in any event may contest in the rest of his events with payment of his turnout fees in those events in which he didn't compete. No stock shall be brought back after turning out. Such contestants will not be eligible for average money in the event in which he has turned out stock. Stock so turned out can be used for re-rides.

A.5.6 Each NRA member will be responsible for his or her entry fees regardless of who issues the check.

A.5.7 Members must make checks good to the NRA or be placed on the ineligible list and prosecuted to the full extent of the law.

A.5.8 NRA will not honor nor be responsible for NSF checks turned into the NRA office by a rodeo committee, stock contractor, or secretary if the date of the check is more than 30 days prior to receipt by the NRA office.

A.5.9 NRA permit holders will be required to pay entry fees in cash.

A.5.10 Permit holders may contest at such NRA rodeos where permits are accepted.

A.5.11 NRA members in good standing and not on a “cash only” basis, may guarantee another NRA member’s fees. Rodeo secretaries will record the card number of the member making the guarantee.

A.5.12 If a contestant shows up to compete on a day other than the day they are actually up on according to the rodeo secretary, before competing in that rodeo, the contestant must post a bond in the amount of \$100. If, after verification with Central Entry, the contestant was correct, the bond will be refunded. If the contestant was in error, the bond (fine) will be forfeited, contestant suspended, contestant’s fees figured in the payoff and the proper payoff will be paid out, disregarding said contestant’s placing.

A.5.13 If a team ropers partner doesn’t show up at the rodeo they may obtain a partner from the membership of the Association, provided that person isn’t partnered in the team roping. That person must notify the rodeo secretary, before the performance, of his partner and whether they will be heading or heeling. If two contestants enter the team roping separately as two teams, and they end up roping together, they are still responsible for a partner’s entry fee. The man who did not show up to compete is

fined \$20, only if someone else ropes in his place and his fees were paid.

A.5.14 Turn-out fees and fines will be sent to the NRA office and applied to the Finals purse.

A.5.15 Turn-outs and releases are not figured into the payoff unless fees were collected at the rodeo.

A.5.16 A contestant is allowed a total of two (2) releases in a rodeo year. Additional releases beyond two (2) will result with a \$150 fine and you are ineligible to compete until the fine is paid. If contestant is releasing out of a rodeo they must notify the NRA office prior to performance or slack they are up in. If no one is available in NRA office contestant must leave voicemail. A contestant who releases shall not be eligible to compete in that event for five (5) days, beginning with the first performance or slack release is used. A contestant who releases in one event may compete in another.

A.5.16.1 A \$10 processing fee will be charged for each rodeo that a release is used by a contestant. In the team roping both partners shall be assessed the \$10 processing fee.

A.5.17 A release in the team roping can cover both partners. The partner not covered by the release has the option to find a partner for that rodeo, or be covered by the other's release.

A.5.18 No rodeo which completes its contract shall be responsible for the returning of a contestant's entry fees if he has contested in an event during the rodeo. If he is entered in other events in which he is unable to contest, the entry fees for those events must be returned.

A.5.19 If a contestant is injured while competing, his entry fees will be refunded in any events in which he cannot compete because of the injury.

A.5.20 If, in the opinion of the judges, a contestant is unable to compete in a particular event because of injury, he may withdraw, but this does not prevent him from competing in other events in which he is entered.

A.5.21 After stock is drawn, secretary may not refund any entry fees without approval of judges, rodeo producer or Association director.

A.5.22 Notified Turnouts: If a contestant notifies the NRA office before 3 p.m. on the last working day before the first performance or slack of the given rodeo, the contestant is responsible for their fees in all events entered, plus a \$20 fine per contestant, not event. Each individual rodeo secretary must call the NRA office between 3:00 and 4:00 p.m. on the last working day before the first performance or slack of their rodeo to receive their list of notified turnouts for the rodeo. Fees that are received by the NRA office or by the rodeo secretary thru and including the last performance will be included in rodeo payoff. All fine monies collected will be credited to the finals account.

If a contestants fees are not included in the payoff, he will be responsible for a fine equal to his fees, plus his fees, and administrative costs, i.e. central entry charge, stock charge, and judges charge. Collected fine monies are not included in payoff and are to be sent to the NRA office. Fees that are received by the NRA office or by the rodeo secretary thru and including the last performance will be included in rodeo payoff.

A.5.25 Management shall make every effort to provide a weatherproof building or enclosure suitable for use as a rodeo office (excluding the announcer's stand). This facility should be provided with electricity, and where possible, telephone.

A.6.0 POINT AWARDS AND PAYOFF:

A.6.1 The Association point award system has been established for the purpose of determining the champion cowboy at the end of the rodeo season.

A.6.1.1 The end of the rodeo year shall be midnight on Labor Day. All Championship Points won in a rodeo completed on or before midnight of the rodeo year cutoff date shall be counted in the Official NRA/NWRA Standings for that rodeo year.

A.6.2 The Association will figure its points on a basis of one point per dollar won, and the most points accumulated in any two or more events will determine all-around champions at the end of the year.

A.6.3 There will be no ground split money paid.

A.6.4 Payoff will be four monies unless go-around payoff exceeds \$2,000. Five places will be paid if the payoff is \$2,001 up to \$4,000; six places, \$4,001 up to \$6,000; eight places, \$6,001 up to \$10,000; ten places, \$10,001 and up.

Payoff split is as follows:

Four places: 40%, 30%, 20%, 10%.

Five places: 34%, 26%, 20%, 13%, 7%.

Six places: 29%, 24%, 19%, 14%, 9%, 5%.

Eight places: 28%, 23%, 18%, 13%, 8%, 5%, 3%, 2%.

Ten places: 19%, 17%, 15%, 13%, 11%, 9%, 7%, 5%, 3%, 1%.

A.6.5.0 For the Bull Riding event only, there will be a "sidepot" (day money) entry fee of \$25 in addition to the

appropriate entry fee for the rodeo. The original entry fee will be included with the added money for the rodeo, 6% will be taken off and proper payoffs made. The additional \$25 of “sidepot” (day money) entry fee, less 6%, will be paid out equally to the bull riders who qualify in a given performance.

A.6.5.1 Example: 10 bull riders up in a performance, 2 qualify. All paid sidepot day money fees of \$25. The sidepot day money entry fees are $\$25 \times 10$ bull riders = \$250, 6% will be taken off the \$250 (minus \$15) = \$235. This total will be split evenly among the qualifiers. \$235 divided by 2 = \$117.50 to each qualifier. The day money will count towards the association standings. If all bull riders in a performance fail to qualify, sidepot will go into long-go payoff. There will be no ground split of sidepot day money. Slack will be considered a performance. \$1 charge per bull rider will be assessed for the rodeo secretary, in addition to the \$25 day money fee. If a contestant turns out of a performance and pays his fees AFTER the day money for his performance has been paid out, day money to be included in overall payoff for the rodeo.

A.6.5.2 On three head of stock the average will be one and one-half times the go-around money in all of the above events.

A.6.5.3 On four head of stock the average will be twice the go-around money in all of the above events.

A.6.5.4 On five or more head of stock the average will be three times the go-around money in all of the above events.

A.6.5.5 The average will never exceed three times the go-around money.

A.6.5.6 Payoff for a one go-around/short go-around rodeo is as follows: 40% long go; 20% short go; 40% average.

A.6.5.7 At two go-around same day rodeos with doubled fees, the monies will be split in thirds: 1/3 first go, 1/3 second go, 1/3 average, and the number of places paid out will be determined by the amount of money after the 1/3 breakdown and percentages found in rulebook. (Example: 9 contestants \$70 fees = \$630 + \$150 added money = \$780 x 6% = \$46.80; \$780 - \$46.80= \$733.20 divided by 3= \$244.40 per go/ave. Use 40/30/20/10 payoff).

A.6.5.8 When less than the number of contestants place in an event than the proper payoff for that event, the remaining places shall be divided evenly among those contestants who did qualify (have a score or a time). That money shall be considered ground money and will not be posted as Championship points. If all contestants fail to qualify, the entry fees and added money for that event will be sent to the NRA office to be included as added money for the NRA Finals rodeo allowing contestants to compete back at that money.

A.6.5.9 On two head of stock that is based on the amount of entries, the entry fees shall remain the same and the event will be paid on the average only.

A.7.1 No shows/turnouts are not figured into the payoff. When they are collected they will be added to the year-end finals purse.

A.7.2 A contestant must compete on every head of stock drawn for him in an event to place in the average.

A.7.3 Contestants are to be paid any money won in a complete go-around.

A.7.4 Prize money and entrance fees must be totaled for go-around monies and average.

A.7.5 Six percent (6%) shall be held out at the payoff (prize money and entry fee three percent (3%) to go to the Association, and three percent (3%) to the association finals

rodeo prize money. The six percent (6%) shall be taken off the total payoff before any payoffs are made. Junior events payoff (Junior Breakaway Roping, Junior Barrel Racing) shall remain at four percent (4%).

A.7.6 If contestant's fees are paid, but the contestant turns out, the money is figured into the payoff for the event.

A.7.7 TEAM ROPING PAYOFF EXAMPLE: 21 teams x \$80 entry fee (\$40 per man) = \$1680 - 6% (\$100.80) = \$1579.20 divided by 2 = \$789.60. Therefore, there will be four (4) places paid in the team roping event. In other words, divide in half the total amount to determine the number of places to be paid.

A.7.8 Prize money to be paid by check.

A.7.9 If contestant competes but does not pay his/her fees, the money is figured into the payoff for the event.

A.8.0 TRADE OUTS, TURN OUTS

A.8.1 All NRA rodeos are trade-out rodeos unless advertised as "NO TRADE OUTS."

A.8.2 Trades: A contestant may trade positions and/or performances of competition with another contestant at any time after entries close, provided it is before the draw for that event.

A.8.3 If a trade is completed before callbacks close, trades are handled through central.

A.8.4 After callbacks all trades are handled through the NRA office.

A.8.5 Both parties involved in the trade must call the NRA office and confirm the trade.

A.8.6 Trades can be made at the rodeo upon consent of both parties involved before the draw in that event. both judges and rodeo secretary must be notified of trade by BOTH parties involved in trade.

A.8.7 Only the contestant who qualifies for a short round will be traded at the conflicting rodeo.

J.1.1 The judging committee will be chaired by the Judging Coordinator who will be the same person as the Contract Personnel Director from the Board. The judging committee will select and assign judges for each N.R.A. Rodeo as soon as possible after rodeos are approved and sanctioned by the N.R.A. The judging committee will handle any discrepancies.

J.1.2 The judging committee will be comprised of three people, the chair, one person chosen by the Board from the directors at large or from the membership of the N.R.A., and one person chosen by the Board from the N.R.A. judges. The two non-chair members of the committee shall serve staggered terms of two years. The first appointee from the Board of Directors or membership shall serve a one year term and the second appointee from the judges shall serve a two year term.

The judging committee shall rate judges annually by a standard rating form. In addition to the annual rating by the Committee, the rating form will be filled out for each judge at each rodeo by a Director, a stock contractor and a rodeo committee person. Those ratings will be sent to the Chair of the Judging Committee and the Committee will use the ratings in conjunction with the ratings from the Judges Committee to determine the year-end rating of each of the judges. Each judge shall receive a year-end form with their rating, including their strong/good points and where improvements are needed.

J.1.3 Five levels of judges (determined as follows)

J.1.3.1 Level I - Is your seasoned rodeo judge and has several years of experience. Has a precise knowledge of the rules. Can enforce rules and is not intimidated by others. Judges without bias or inconsistency. Works well

with committees, contractors, contestants, and fellow judges (not domineering or dictatorial).

J.1.3.2 Level II - Between a I and III judge.

J.1.3.3 Level III - Must have a several years judging experience and has attended a judging seminar or conference within the past two years. Has a good knowledge of the rules and is an average judge.

J.1.3.4 Level IV - Between a III and V judge.

J.1.5 Judging Seminars that qualify are seminars conducted by the NRA or the PRCA. The purpose is to concentrate on the specific rules in the rulebook.

J.1.6 Judging Conferences that qualify are conferences conducted by the NRA. The purpose is to concentrate on specific judgment calls that are not addressed in the rulebook and to assure a consistency in these calls.

J.1.7 Judges will be evaluated periodically during the summer.

J.1.8 Additional details concerning the judging program will be addressed by the judging committee, as necessary.

*Special Note: A judge that does not meet the qualifications as defined above and judges an NRA approved rodeo will only be paid as required in sections concerning rodeo administration.

J.1.9 Contestants will be assessed \$5.00 in their entry fees for the judging program.

J.1.10 All beginner judges will do the draw and set up the barriers at the rodeos with the experienced judge overseeing.

J.2 Administrative costs - the NRA will provide assistance to individuals who put on seminars or conferences as necessary in addition to compensation for coordinator.

J.3.0 Complaints Against Judges

J.3.1 Valid complaint:

J.3.1.1 All complaints against judges shall be presented to the Judging Committee for review by the Judging Committee. The Judging Committee will investigate each complaint to determine if there is a reasonable basis for the complaint. The following may constitute a basis for a complaint against a judge:

Any violation of the rules or by-laws of the Association by a judge during a rodeo or rodeo related event.

Any action by a judge which reflects negatively on the sport of rodeo or the Association and its members

Being under the influence of drugs or alcohol while officiating a rodeo.

Rowdyism or quarreling on or around the rodeo grounds

Cheating, attempting to cheat or any other fraudulent action by a judge

Gross negligence in scoring the rough stock events

Gross negligence in timing or flagging a timed event

If the Judging Committee determines there is a reasonable basis for a complaint, the complaint shall be deemed valid and the Judging Committee may take any of the actions set forth herein:

J.3.2.1 One (1) valid complaint during one rodeo season, shall be the basis for notification to the judge, in writing, by the Judging Committee of the complaints, and censure of the judge.

J.3.2.2 If a judge receives two (2) valid complaints during one rodeo season, the judge shall be required to appear before the Judging Committee to answer the complaints and explain their actions. At such hearing the Judging Committee may, at their discretion, recommend to the Board of Directors the following:

No action be taken; or

The judge be reduced to the next lower rank on the judges rankings; and/or,

The judge be placed on probation for the remainder of the year; and/or,

Suspend the judge for up to one (1) year; and/or,

Require the judge to successfully complete a judging seminar or conference.

J.3.2.3 If a judge receives three (3) valid complaints in one rodeo season, the judge will be required to appear before the Board of Directors to answer the complaints and explain their actions. At this time the Board of Directors may impose any of the sanctions set forth in Rule J.3.2.2 above and/or may suspend a judge indefinitely.

J.3.2.4 Any judge suspended will be required to complete a judging seminar and will be put on probation for the first year following reinstatement. If a complaint is filed against a judge on probation and is determined to be valid, the Judging Committee or the Board of Directors may suspend the judge immediately and indefinitely.

J.3.2.5 Any judge receiving a number five (5) rating will be automatically suspended for one year. Any judge receiving a number four (4) rating two (2) years

consecutively will automatically be suspended for one year.

RULES OF COMPETITION

R.1.0 ARENA RULES

Following is a breakdown of offenses that will result in disqualification and/or fines. A judge has the authority to assess fines. You will not be allowed to compete at the next rodeo until your fines have been paid. Remedies for protesting a fine or disqualification are outlined below. A contestant will be subject to the following if an offense occurs during a paid performance or slack.

R.1.1 A contestant will be disqualified for the following offenses:

- a. refusing to contest on an animal drawn for them.
- b. not being ready to compete when called upon.
- c. the judges have the discretion to make the determination that the contestant is delaying the rodeo unnecessarily and may disqualify contestant and/or impose a fine.

R.1.2 A contestant will be disqualified and fined \$50 for the following offenses:

- a. Being under the influence of liquor in the arena.
- b. Rowdyism or quarreling on and around the rodeo grounds.

- b. Cheating or attempting to cheat.

R.1.4 No one can change a position at the rodeo

without approval or action of the Central Entry office unless it is in accordance with specific rules (tradeouts, etc.) as outlined in the NRA rulebook. Any such change will subject person(s) to a fine of \$500 for first offense and six months suspension for a second offense.

R.1.5 A member of the NRA that harasses, intimidates, or threatens an NRA official or Board member will be disqualified, if applicable, and fine \$500 for the first offense. In the timed events, the contestant that competes on the wrong stock is disqualified and the stock should be brought back so that the contestant that drew that stock must compete on that stock, unless that stock has been injured, then the extra is used.

R.1.8 All contestants are required to ride in the grand entry if they have a horse. Also, winners of an event at

a rodeo should be ready to ride into the arena when their name is called.

R.1.9 If numbers are supplied and not worn, contestants are subject to a \$10 fine.

R.1.10.0 Any ground rules made will have to be approved by the board of directors.

R.9.0 TIMED EVENT RULES

R.9.1.0 BARRIERS AND SCORELINE

R.9.1 The barrier judge is responsible to change barrier string whenever it may have been weakened, or on request of next contestant. Barrier judge shall keep a record of the

length of the barrier trip rope each performance to assure the same start for contestants each performance. Adjusting length of barrier trip rope will be accomplished only by tying knots in the rope on either end. A 10-second penalty will be added for breaking or beating the barrier. Broken barriers will be recorded by barrier judge and turned in with his books to the rodeo secretary.

R.9.1.1 If, in the judge's opinion, the barrier fails to work properly (malfunction), the judges will make the decision on breaking the barrier or getting out. Judges' decision to be made immediately and decision final.

R.9.1.2 If the barrier pulls early and the contestant declares without pursuit, the contestant will receive animal back.

R.9.1.3 If barrier flag man is used, animal is to be flagged when crossing starting, or deadline, in front of flag with same. Slide will be used on automatic barrier neck ropes.

R.9.1.4 Once score line has been set in timed events it will not be changed at the rodeo, nor can length of box be changed.

R.9.1.5 If in the judge's opinion contestant is fouled by barrier and/or neck rope the contestant must declare immediately. Any penalties incurred before the foul will be assessed. If broken barrier is assessed, animal will be given back lap and tap plus 10 seconds. (Judge needs to be aware of the difference between a foul and a malfunction at/of the barrier).

R.9.1.6 In order for time to be considered official, barrier flag must operate.

R.9.1.7 There will be a 30-second time limit in the tie-down roping, steer wrestling and team roping.

R.9.2 If time has been called for and catch or run is

considered illegal, it will be considered a No Time.

R.9.3 All changes in lists or roping order to split horses, etc., must be made before any stock for that event is loaded in chutes. After stock is loaded, ropers must rope in order listed.

R.9.4 There shall be two or more timers, a field flag judge and a barrier judge, time to be taken between two flags.

R.9.5 Field Flagger: : Judges flagging an event must position themselves whenever possible:

In the tie-down roping - towards the far end of the arena on the left hand side of the arena as viewed from the box;

In the steer wrestling - on the dogger's side of the arena;

In the team roping - on the header's side of the arena;

In the breakaway roping - three fourths of the way down the arena from the right hand side of the arena as viewed from the box, unless arena conditions dictate otherwise, so as not to interfere with the running of the cattle.

R.9.6 In any timed event if an animal escapes from the arena, flag will be dropped and watches stopped. Contestants will get animal back with lap and tap start, and time already spent will be added to time used in qualifying. If time is not recorded, the decision of the flag judge shall be final.

R.9.6.1 If a rope is on animal, roper will get animal lap and tap with rope on it in the chute.

R.9.6.2 A field flag judge must ask contestants if they want a second loop or jump. Contestant must answer at once or be flagged out. Once a contestant has been flagged out, they will receive no stock back.

R.9.7 The decisions of any judges, flagmen or timers will be final and no protests by contestants will be permitted.

R.9.8 No contestant may talk to a judge or timer in any way while an event is going on. Questions may be addressed to the judge no sooner than at the end of the event for that performance. Any contestant violating this regulation will be reported to the Association office by the judges or the arena director or stock contractor of the rodeo where the violation occurs. Violators will be fined \$50.00.

R.9.9 A barrier judge is allowed to compete in the timed events if he finds some responsible member to watch the line in that event for the day he is competing.

R.9.10 If an animal in timed events escapes the chutes or pens before it is called for by a contestant or another contestant competes on the wrong animal that same animal will be brought back for the contestant to compete on. The animal will be returned by the arena director and the labor crew during, or at the end of that performance or slack in the same manner he was originally worked or brought to the pens for contesting. At least 3 head of animals will be brought back together. No animal may be re-penned by himself. Decision will be made by arena director about when stock is re-penned.

R.9.11 Cattle may be lined only to the scoreline.

R.9.12.0 BARRIER

R.9.12 Non-Competing Horse in Box. Only horses being used in competitive run during an event will be allowed in the boxes during any timed event and/or noncompetitive runs. Each offender shall be subject to a \$25.00 fine for the first offense, and the fine shall double with each subsequent offense.

R.9.12.1 Scoreline (not neck rope) will be set as

follows:

Steer Wrestling - (Minimum) Length of box minus 5 ½ feet if the box is 18 feet or longer than the barrier can be set at Event Directors discretion.

Tie-Down Roping - (Minimum) Length of box minus 4 feet.

Tie-Down Roping - (Maximum) Length of box minus 2 feet.

Team Roping - (Minimum) Length of box minus 2 feet.

Team Roping - (Maximum) Length of box same as (maximum score length 18 feet when box is over 18 feet)

Breakaway Roping - Governed by type of cattle roped.

R.9.12.2 Scoreline will be set according to arena and box length and conditions, but when conditions warrant, the score shall be set as stated above. Event director shall have final approval of scoreline length.

R.9.12.3 A tape measure is an absolute necessity for any barrier judge.

See Figures 1 and 2 for set up of barrier.

FIGURE 1

When measuring score where barrier rope pulls from side of chute or under 5' high with a top pull length of barrier rope, with neck rope attached, shall be 24 inches behind score line in steer wrestling and team roping and 18 inches behind score line in calf roping.

FIGURE 2

When measuring the length of barrier rope when rope pulls from the top of the chute — this would be any time rope pulls from 5 feet high on the chute or over — judge should make sure flag is up and pin in place. End of barrier rope, with neck rope attached, should come to a point 24 inches behind score line and 24 inches "up" from the ground in steer wrestling and team roping. It shall be measured 18 inches behind and 18 inches "up" in calf roping. Barrier string height should be 32 to 36 inches high, measured in the center.

R.9.12.4 Prior to the first performance, check to see that all barrier equipment (pulleys, rings, ropes, etc.) are present on the barrier and in good condition. It is a good practice to carry all the necessary materials so that a new barrier can be built if necessary.

R.9.12.5 Barrier equipment must be inspected by the judge before each timed event. If equipment is faulty, it must be replaced. Should barrier break at any point other than the designated breaking point, contestant must take stock over. If contestant obviously beats barrier, or barrier rope is broken and string unbroken barrier judge may assess a 10 second fine.

R.9.12.6 Prior to each performance measure rope length to scoreline with pin in place. Measure from front of chute gate to end of neck rope and make sure this given length is maintained throughout the entire rodeo. All barrier measurements should be written in judge's book and turned in to the secretary. Barrier and gate should

be put into operation and tested once or twice to see that everything is in proper working order. Barrier string (where rings are attached) should be checked prior to first contestant and each run thereafter. Make sure there is an ample supply of string. Replace string regularly since it may become frayed or worn. All broken barriers should be recorded in judge's book even though the stock may be missed.

R.9.12.7 Slide will be used on automatic barrier neck ropes.

R.9.12.8 In all timed events where a neckrope is used, string shall be the only material used to tie neck rope.

R.9.12.9 Automatic barrier must be used at all rodeos for tie-down roping. At indoor rodeos length of score may be no longer than length of roping box minus four feet unless other arrangements are approved by the tie-down roping director or representative.

R.9.12.10 In order for time to be considered official, barrier flag must operate. The barrier flag should be on the barrier pole or barrier instead of on the neck rope of the timed event cattle whenever possible.

R.9.12.11 If neck rope fails to work, but time is recorded, contestant or team will get time. Barrier penalty will be waived unless obviously beaten by contestant.

R.9.12.12 If in the opinion of the line judge a contestant is fouled by barrier and/or neck rope the contestant shall get their calf or steer back providing contestant declares immediately.

R.9.13.0 DRAWING TIMED EVENT STOCK

R.9.13.1 Stock in timed events shall be drawn by either judge of that event, not more than two (2) hours before the performance or slack in the presence of the rodeo secretary.

R.9.13.2 All timed event cattle must be run once

before any are run a second time. A second run of cattle must be completed before any are run a third time, etc. thus all cattle will be run consecutively. There will be no consecutive runs on timed event stock unless an event is all that remains of slack.

R.9.13.3 A stock contractor must provide healthy and usable cattle which will be not less than 1/3 the number of entries for that event. If 1/3 the number of entries is a fraction, the contractor shall provide the next full number of cattle. In any event the minimum number of cattle shall be the number of entries in each event in the largest performance plus one. Event director shall have the right to change the number of cattle required.

R.9.13.3.1 In the event of short stock, the contractor will be fined by the NRA as follows: first offense, \$50 per animal short; second offense, \$100 per animal short; third offense, \$200 per animal short and denied participation in NRA Finals until all fines are paid in full.

R.9.13.4 Timed event cattle must be numbered with ear tags or iron numbers, and must be drawn.

R.9.13.5 One extra animal in each timed event will be drawn for all paid performances to be used in place of any animal drawn for that performance, but deemed unusable or misdrawn. The extra will be drawn from the animals remaining to be drawn after the performance has been drawn. If the extra is not used, it will be included in the next draw and not be considered run. The extra is not to be "issued" from the first draw to the first contestant in the next draw, but to be put back in draw and redrawn. Any additional misdraws will be done using standard misdraw procedures.

R.9.13.6 Once an animal is taken out of the draw he may not be returned to the draw for the duration of that rodeo.

R.9.13.7 Animals for all events will be inspected before the draw, and no sore, lame, sick, or injured animal, or animals with defective eyesight shall be permitted in the draw at any time. Should an animal become sick or be injured between the time it is drawn and the time it is scheduled to be used in competition, that animal shall not be used in competition and another animal shall be drawn for the contestant, using misdraw procedures.

R.9.13.8 Timed event cattle shall be drawn as follows for short-go rodeos: (1) Timed event cattle for final go-round. All timed event cattle competed on at a rodeo by finalists will be used when drawing for final head. (2) Shortage of cattle for short go-round. If not enough cattle are available for a short-go round after using all the cattle brought in by the finalists, those remaining in the herd with the fastest times will be used. (3) Draw for finals or short-go. In a finals or short go-round, draw will be made from last position to first position. Also, events should be run accordingly.

R.9.13.9 Timed event cattle may not be moved from one event to another without the approval of both directors.

R.9.13.10 In case of a Misdraw discovered prior to a performance, or any time during the slack:

A) If one or more Extras are available, all animals not competed on below the Misdraw up to the end of the run on the cattle shall be eligible to be drawn. One animal is drawn, that being the animal assigned to the contestant with the Misdraw. The contestant who originally had that animal will be assigned the Extra. All other contestants will be assigned the animals originally drawn for them.

B) If no Extras are available, all unused animals below the Misdraw up to the end of the run on the cattle shall be eligible to be drawn, with the last unused animal drawn in that run designated the Extra.

R.10.0 TIE-DOWN ROPING RULES

R.10.1 Rope may be dallied or tied hard and fast, either is permissible. Contestant must rope animal, dismount, go down rope and throw animal by hand cross and tie any three feet. To qualify as a legal tie there shall be one or more wraps, and a half hitch. If animal is down when roper reaches it, the animal must be let up to his feet and then thrown by hand. If roper's hand is on the animal when animal falls, animal is considered thrown by hand. Rope must hold animal until roper gets hand on animal. Tie must hold and three legs remain crossed until passed on by the judge, and roper must not touch animal after giving finished signal until after judge has completed his examination. If tie comes loose or animal gets to his feet before the tie has been ruled a fair one, the roper will be marked no time. Animal belongs to contestant when he calls for him, regardless of what happens, except in cases of mechanical failure.

R.10.2 Two loops will be permitted, and should the roper miss with both he must retire and no time will be allowed. Roping animal without releasing loop from hand is not permitted. Dropped loop will be considered thrown loop. If rope breaks there will be no rerun.

R.10.3 If roper intends to use two loops, he must carry two ropes and must use second rope for second loop.

R.10.4 Contestant must adjust rope and reins in a manner that will prevent horse from dragging animal. Contestant must receive no assistance of any kind from outside. If horse drags animal at least five feet, field judge may stop horse. If horse drags animal unintentionally five feet but less than ten feet a \$25 fine may be assessed, if horse drags animal more than ten feet a \$50 fine will be assessed. Contestant that touches rope or jerkline before mounting horse or makes horse intentional drag animal

will be disqualified and fined \$75._

R.10.5 The field flag judge will pass on the tie of animals through the use of a stop watch, timing six seconds from the time the rope horse takes his first step forward after the roper has remounted. Rope will not be removed from animal and rope must remain slack until field judge has passed on tie. The field flag judge must provide proof that the six (6) second time limit has not been met or the tie will pass on as legal.

R.10.6 Flagger must watch animal during the six second period and will stop watch when the animal kicks free, using the time shown on the watch to determine whether animal was tied long enough to qualify. If the rope is not on the animal, the six second time period starts immediately upon completion of the tie.

R.10.7 Under all circumstances, roper will be disqualified for removing rope from animal after signaling for time, before the tie has been passed on by the field judge.

R.10.8 Tie-down roper's tie must be a 3-Bone Cross to be legal.

R.10.9 Roping animals shall weigh a minimum of 150 pounds, maximum 300, and should be uniform in size.

R.10.11 Livestock used for tie down roping shall not be used for breakaway roping and vice versa unless approved by the stock contractor and the event directors.

R.10.12 No Jerk Down. 1. First a determination is made by the judges and/or rodeo committee and/or event

director as to whether or not calves are prepared. Prepared meaning that the calf must be breakawayed at least once and tied at least twice off a horse or off end of rope. 2. If contestant jerks down calf meaning brings calf over backwards between 10 and 2 with the calf landing on his back or head with all four feet in the air a NO TIME will be assessed by the judge or judges.

R.11.0 STEER WRESTLING RULES

R.11.1 Contestant must furnish own hazer and horses. Steer must be caught from horse. Only one hazer is allowed. Animal belongs to contestant when he calls for him regardless of what happens, except in cases of mechanical failure of barrier.

R.11.2 If steer gets loose, contestant may take no more than one step to catch steer. After catching steer, wrestler must change directions or bring steer to a stop and twist him down. If steer is accidentally knocked down or thrown down before being brought to a stop or is thrown by a wrestler putting animal's horns into the ground, it must be let up on all four feet and then thrown. Steer will be considered down only when it is lying flat on its side, or on its back with all four feet straight. Wrestler must have hand on steer when flagged. The fairness of catch and throw will be left to the discretion of the judges.

CLOVERLEAF BARREL RACING PATTERN

R.15.4 This barrel course may also be run to the left. For example, the contestant will start to barrel number 2, turning to the left around this barrel, then to barrel number 1, turning to the right, and then to barrel number 3, turning again to the right, followed by the final sprint to the finish line between barrels 1 and 2.

R.15.5 Contestants will be assessed a five-second penalty for knocking over a barrel.

R.15.6 Contestants will be disqualified for not following pattern, or not being ready to contest when name is called. Touching barrel is permitted.

R.15.7 Should barrel be knocked over and it sets up on opposite end, the five-second penalty will be assessed. Barrel must be set back on mark.

R.15.8 Two or more contestants are allowed to ride the same horse during the same go-around or finals.

R.16.1 Dig a hole approximately 1-1/2 feet deep, depending on the type of ground. Place the end of the rope that has several knots tied in the end (or that has a can or spike fastened to the end of it) in the hole. Tamp the dirt in securely around it, leaving about one foot of rope out of the ground. The barrels will be set on the inside edge of the pattern of the stakes, with the outside edge of the barrel on the stakes, as shown by diagram 2.

BARREL MARKER — DIAGRAM 2

R.16.2 The markers should be buried at the location of each barrel. By using this method the barrels will be in the same place during the entire rodeo. The starting line shall also be marked with permanent markers.

R.16.3 Judges are responsible for making sure pattern is set according to the NWRA Rule Book prior to first performance

R.16.4 The starting line must also be correctly measured back from barrel 1 and barrel 2, so the distance is the same to ensure barrel racers going either to the right

or left the same opportunity. Permanent markers shall be placed on both sides to indicate the starting line. All measurements must be turned in to the rodeo secretary before the first performance.

R.16.5 Prior to each performance the barrier judge is responsible to check barrel markings and scoreline.

R.16.6 Should for any reason the barrels not be placed on the marks or the flagman not be in the correct place, things must be put in correct order and all contestants who ran on the incorrect course must be rerun with no penalty.

R.16.7 Judge must make decision that barrels were not on marker. Should this happen, contestants and judges should be notified, then judge and arena director will set the time for rerun.

R.16.8 Should the marker be gone and a tape measure be used to set up the barrels pattern, that is sufficient, and no rerun will be allowed.

R.16.9 Standard courses should be used where ever possible. The standard distances for Cloverleaf Barrel Race are:

- a. 90 feet between barrel 1 and 2.
- b. 105 feet between barrel 1 and 3 and between 2 and 3.
- c. 60 feet from barrels 1 and 2 to scoreline. Scoreline should be 30 to 45 feet away from the fence.

R.16.10 The following shall be used in smaller arenas:

- a. The scoreline should be 30 to 45 feet away from the fence.
- b. Barrels 1 & 2 must be 18 feet from the sides of the arena.
- c. Barrel 3 must be 30 feet from the back of the arena, but may not be over 105 feet between barrel 1 and 3, or 2 and 3. Ninety feet between barrels 1 and 2 is the

farthest they may be apart.

R.16.11 If the rodeo has additional events requiring the use of a barrel, barrels must not be put on NRA barrel markers.

R.16.12 There shall be absolutely no practicing or turning around the barrel markers after they have been marked.

R.16.13 All contestants should run with a closed gate.

R.16.14 There will be no circling horses in the arena. One spin or pivot in either direction is acceptable if gate is not centered with pattern. When contestants are not required to run in and out, they must keep forward motion toward first barrel, prior to crossing score line. Violators to be reported by judge and \$25 fine imposed.

R.17.0 ELECTRIC EYE TIMER

R.17.1 Equipment necessary: Complete electric eye timer plus two stop watches to be operated manually. Complete electric timer must be backed up by a flag judge who will stand directly behind one timer post in the arena. Timers will record the times that appear on the electric-eye controlled readout disregarding the thousandth and recording the times in hundredths. Timers will also record the average time from the hand-held stopwatches in hundredths, in the place so designated on the timers sheet. Timers will also record the times from the stopwatches.

R.17.2 The timer posts in the arena will be placed on the permanently marked spots on the scoreline, a maximum distance of 140 (one hundred forty) feet apart. At no time will the electric eye be set inside the pattern of the first two barrels.

R.17.3 If an electric eye timer malfunctions for 51% of any one go-around, then flag times will be used for entire go-around. In the event the timer fails to work for

an event and it is paid off on manual times, the timer charge collected will not be paid to the timer operator. It will be sent to the NRA to be used for maintenance.

R.17.3.1 The hand time will be used in the event the electric eye malfunctions
